Subject: Contract 705
Task Order #3
Variable Magnification Tracing
Projector

Gentlemen:

Manufacturing specifications for the Variable Magnification Tracing Projector are now complete and comparative costs to manufacture the instrument have been obtained. They are as follows:

Bausch & Lomb Small Order Department - \$5,797.00 (Material, Labor, Overhead)

Liberty Tool & Die Corporation - \$2,100.00 plus \$500.00 material supplied by Bausch & Lomb

Liberty Tool & Die Corporation (see attached letter quote) was chosen based on the excellent performance by them on another instrument they made for us for the U. S. Air Force. A time and materials contract is anticipated and the rates charged will be as follows:

25X1A

Straight Time	-
Overtime	-
Double Time	-
Material	-
Profit	-

If subcontracted we believe earlier delivery can be made. If we are not allowed to subcontract a contract extension may be required.

Approved For Release 2000/05/10 : CIA-RDP78B04747A000100150012-2
